Dear Parent/Guardian

Re: Greenland Street Parking

As the number of students at the UTC increases, key times of the day are becoming increasingly busy outside the school.

At the moment, the end of the day is a challenge as students leave the building and buses arrive alongside a substantial increase in traffic as parents collect children.

A small number of cars are being parked unsafely which is causing significant difficulty for other traffic and an environment for students that is potentially unsafe.

I'd appreciate your cooperation in supporting the school to ensure that all students leave the site safely at the end of the school day.

I would be grateful if parents collecting students at the end of the day could arrange to meet their children at a location a little further away from the school entrance on Greenland Street or after 4.15pm when the school buses have left the area. Reducing traffic on Greenland Street between 3.50pm and 4.10pm will improve the areas safety enormously.

I'm sure you will agree that the safety of our young people is paramount. Your cooperation in this matter is greatly appreciated.

With kind regards,

Phil Lloyd, Principal
